# Community Room Technology Instructions

TV Monitor

1   Connect the HDMI Cord located in the floor to your laptop.

2   If applicable, press "Power" on the electronic panel.

3   On the electronic panel, press "Lectern HDMI" to turn on the TV Monitor. The monitor will now mirror anything on your laptop screen.

4 When finished, press "Power."

5 A screen will appear that says, "Shut system down?" Touch "Yes."

6 Disconnect the HDMI cord from your laptop.

3a. 3b.

2./4.
